Information Systems @ CMU | Software Engineer | 3+ YOY | Seeking Summer Internship Opportunities

August 21, 2025, Advait reported directly to Abhishek

Working with Abhishek at the start of my career has been an incredibly valuable experience. He brings a high level of professionalism and attention to detail that sets a strong standard for everyone around him. At the same time, he gave me the freedom to make my own decisions, which really helped me grow. I also appreciated how approachable he was, always providing quick and clear guidance whenever I had questions. Overall, he created an environment where I could do my best work, and I'm truly grateful for his support and mentorship.

4/7

At my tenure at RadixHealth I reported to Abhishek directly where I experienced first hand his professional way of managing the team to achieve our goals. He offered freedom and guidance to the members of the team to do their best and bring in their perspective.
